

Diabetes/CAD Management - How to Use Your Registry

February 5, 2009

12:30 – 3:30pm

Faculty:

Neil Solomon, MD, VP of QI, HealthNet
 Brett Myers, MD, Medical Director Clinical Informatics, HealthCare Partners
 Janelle Howe, Director, Disease Management, HealthCare Partners
 Margaret Peterson, RN, MSN, MPA, Manager, Sharp Rees-Stealy Diabetes Manager
 Stuart Levine, MD, Corporate Medical Director, HealthCare Partners

Objectives:

- Learn about incremental steps in improving Diabetes/CAD management
- Presentations from CA medical groups/IPAs on how they are approaching Diabetes/CAD management in their organization
 - Successes and challenges they have faced
 - Generate ideas on how to approach the way you look at the data
- Working the list from your registry
- Case manager network – one hour discussion on how to address complex case management in Diabetes/CAD
