

Gurinder Dabhia, MD, Pediatrician, Scripps Health

As a pediatrician, Gurinder Dabhia, MD, provides comprehensive primary care to children and adolescents. Over the past three years, Dr. Dabhia has helped launch a behavioral health integration pilot at Scripps Health. She helped design the program and drive physician buy in across the pilot sites. Prior to joining Scripps, she practiced on the East Coast for several years before joining Rady Children's Hospital, where she treated patients in the emergency room and urgent care.
