

**Tam Nguyen, PhD, Executive, Ambulatory
Behavioral Health, Sutter Health**

Tam Nguyen a clinical psychologist and an executive leader at Sutter Health, where she leads the advancement of Behavioral Health Integration across the health system. She oversees the implementation of CoCM across primary care, pediatrics, women's health, and rural health clinics, embedding behavioral health into routine care at scale. Dr. Nguyen is recognized for her leadership in designing and operationalizing integrated care models that improve access, clinical outcomes, and sustainability. Her work focuses on translating evidence-based models into scalable, systemwide solutions.
